Criminal Law

The interaction between the State, companies, and communities is a complex but inherent balance in development, requiring a strategic vision that anticipates risks and enables projects. Our practice seeks to advise and support clients in critical decisions, integrating regulatory perspectives into their corporate challenges.

Public and
Regulatory Law

Beyond the technical aspects, Criminal Law becomes a strategic resource to foster sustainable businesses. The launch of this practice reflects the growing need for preventive and crisis advisory services, integrated into the corporate, regulatory, and reputational realities of our clients.
